Medicare Physiotherapy Checklist

If you do not have a Medicare card and are not enrolled in Medicare, unfortunately you do not qualify for a Medicare rebate.

- I have my valid Medicare Card (this is a good time to check when it expires)

I tick one of the following:

- One or more Chronic Diseases
- Complex care needs that require treatment from two or more other health care providers (such as physiotherapy)

You may qualify for a Medicare rebate. Here are the next steps:

- Book an appointment with your G.P.
- Record your appointment date and time at the top of the sheet
- Get a copy of your CDM or TCA from your G.P. addressed to Spine & Dandy (your G.P. can refer to us through Medical Objects)
- Staple your referral to this spreadsheet to keep everything in one place
- Book an appointment with Spine & Dandy at <http://www.SpineAndDandy.com.au>
- Record your appointment date and time at the top of the sheet
- Bring this to your appointment

We look forward to seeing you soon!

Want more information?

Here's the [Patient Information Sheet](#) put out by The Department of Health and Aged Care.
